

**WORLD CLASS TOOLING
AND ENGINEERING SERVICES**

Sunset Tool prides itself of our fast turn-around while concentrating in custom machine work, with an unmatched attention to detail and quality of workmanship.

Since 1993, we've set the standard for designing and building high quality trim dies, fixtures and spare parts, as well as prototyping and custom CNC machining. Sunset Tool is determined to give each client the finest complete project, just as they had imagined.

**Quality
Service
Delivery**

From Prototype to Production...

Prompt Quoting

Skilled Planning

Straight Communication

Expert Engineering

Precise Tooling

Thorough Inspection

Quick Turnaround

Products

- Trim Dies
- Fixtures & Gauges
- Coining Dies
- Structural Trims
- Trim Presses
- Trim Unloaders
- Special Machines
- De-gate Dies
- Leak Testers
- Assembly Fixtures
- End of Arm Tooling

Customers Served

- Die Casters
- Manufacturers
- Iron/Aluminum Foundries
- Plastic Injection

Services

- Wire EDM
- Custom Engineering
- CNC Lathe / Milling
- Machining of Prototypes, Precision Details, Production Runs & Fabricating
- Die Repair / Refurbishment
- Spare Parts
- 3D Printing & Scanning

Engineering

- **Software:** SolidWorks, GibbsCAM. **File Types Accepted:** SLDPRT, SLDASM, STP, PRT (UG/NX), PRT (Pro-E), X_T (parasolid), DWG, DXF, IGS, SAT (ACIS), IPT (Inventor), PAR (SolidEdge)

Wire EDM

- 3 Machines: (Max. 22x14x15.75)

CNC / Machining

- Misc. CNC Mills 20-50 Taper. (Max. **120x59x30, 14200 lbs.**)
- CNC Lathe (Max. 16Øx36)
- Grinding (Max. 40x16)
- Misc. Horizontal & Vertical Mills, Lathes (Max. 20Ø), misc. Drill Presses, Miller TIG Welders

Inspection

- Starrett CMM, Optical Comparator

Tryout Press

- 100T w/ top eject, **150T w/ 60x100 shuttle bed**
